Large Audience Enjoyed Speeches at Republican Rally.

The Republican rally, which was held at the music hall on Monday evening, was attended by a large audience. Music hall orchestra, L. S. Brigham conductor, was in attendance and gave enjoyable selections of patriotic airs before the opening of the meeting. John Herburne presided and introduced Representative Porter H. Dale, who spoke at length upon the expense of the administration, giving figures of the amount of the debt, which surprised and was beyond the comprehension of those who listened. Mr. Dale, having had experience here and in the other countries, was prepared to give

accurate information in regard to this and his arguments were very convincing, all realizing that a change in financing the affairs seemed necessary. Following this Senator W. P. Dillingham was introduced and gave an eloquent address upon his affairs and experience in the Senate. Mr. Dillingham has been before an audience in this town before and has been a general favorite and, Monday evening, gained an appreciative hearing. He also spoke upon the financial condition of the country and gave many instances of action upon the part of the chief executive, when the Senate was not consulted. In closing he made an appeal for all to vote next Tuesday, according to the nominations at the primaries.

Miss Kate Parmentiere, the district

nurse, who has been for the last year with Mr. and Mrs. Arthur Galarneau, will soon move to the home of E. F. Briggs, on South Main street, where she is to make her headquarters for the present.

Alton Briggs of Burlington has been with his parents, Mr. and Mrs. E. F. Briggs, for a couple of days, assisting them in getting settled in their new home in the Kendrick house on South Main street.

Mrs. Harry Allen, who underwent an operation at the sanatorium about one week ago, was able to go to her home on Saturday, and is thought to be making a good recovery.

Mrs. G. W. Groom of St. Albans was the guest of Abbie F. Clarke on Tuesday through the day.

Mrs. Robert Mitchell at the sanatorium is in a very serious condition, and her condition was not thought to be as favorable on Tuesday night.

#### Notice to Voters of Plainfield.

The board of civil authority will meet at the town hall Saturday, Oct. 30, 1920, from 2 o'clock until 4 o'clock in the afternoon, and from 7 o'clock until 8 o'clock in the evening for the final revision of the checklist, and to transact any other business which may properly come before them.

Addison E. Foss, Town clerk. Plainfield, Vt., Oct. 25, 1920.

#### MARSHFIELD

Harold Taylor and Estella Lakin married at Bride's Home.

A very pretty wedding took place Tuesday evening, Oct. 19, at the home of Mr. and Mrs. Charles E. Lakin when their oldest daughter, Estella A. Lakin, was united in marriage to Harold O. Taylor, eldest son of Mrs. W. W. Pillsbury of Groton.

The house was tastefully decorated with evergreen, autumn leaves, berries and potted plants. The ceremony took place beneath an arch of evergreen and holly berries and was performed by Rev. Stearns of Groton, the double ring service being used. Miss Gertrude Lakin of Peabody, Mass., sister of the bride, acted as bridesmaid, and Merle Taylor, brother of the groom, as best man.

The bride was becomingly attired in white organdie, with a trimming of white satin, and carried a bouquet of shaded sweetheart roses. Her traveling suit was of navy blue duvetyne, with hat to match. The bridesmaid wore pale blue organdie and carried carnations.

About 25 relatives and friends were present. Following the ceremony, refreshments were served, consisting of ice cream, fruit punch, wedding cake and a bride's cake, over which the bride very gracefully presided. The cake was made by Mrs. Elvira Carr of Barre, the grandmother of the bride. The young couple were the recipients of many beautiful and useful gifts and carry with them the best wishes of their many friends, the bride being one of Marshfield's highly esteemed young ladies. After a short wedding trip, Mr. and Mrs. Taylor will reside in Woodsville, N. H.

## Fill Your Blood With Iron If You Want To Be Strong

WITH PLENTY OF ENERGY AND POWER

Says Physician—Explains How

Organic Iron Like Nuxated Iron Often Increases the Strength of Weak, Nervous, Run-down

People In Two Weeks' Time.

You cannot expect to force ahead in life with plenty of energy and power if your blood is thin and watery any more than you can hope to run an automobile on water instead of gasoline. It takes pure, red blood—rich in iron—to keep the human machine working right. Without iron your every action lacks power, your red blood corpuscles die by millions, the strength goes from your body and you drop among the weaklings and failures.

But when such men and women supply the right kind of iron to their blood, a most surprising change often takes place," says Dr. John J. Van Herpe, formerly Medical Inspector and Clinical Physician on the Board of Health of New York City. "The weak, colorless blood which has been moving sluggishly in the veins becomes rich and red and courses through the body, building healthy tissue, giving renewed force and increased strength. Without this rich, red blood with plenty of iron in it, there can be no physical perfection or force to carry on one's work. Yet to take the wrong kind of iron may prove worse than useless, just as the wrong sort of food will often fail to give the proper nourishment. Organic iron—Nuxated Iron—enriches the blood and creates new blood cells, strengthens the nerves, rebuilds the muscles and helps rebuild the whole system with fresh vigor and endurance whether the person be young or old. I strongly advise every man or woman who is lagged out by

worry, work and other strains to build up strength and health by taking organic iron—Nuxated Iron—for I consider it one of the finest blood and body builders, the best to which have ever been known. Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.) New York and the Westchester County Hospital says: "I have strongly emphasized the great security of physicians making blood examinations of their weak, anemic, run-down patients. Thousands of persons go on year after year suffering from physical weakness and a highly nervous condition due to lack of sufficient iron in their red blood corpuscles. To supply this iron deficiency and to help build strong, healthier men and women, better able physically to meet the problems of everyday life, I believe physicians should at every opportunity prescribe organic iron—Nuxated Iron—for in my experience it is one of the best tonic and red blood builders known to medical science."

If you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day for two weeks. Then test your strength again and see how much you have gained.

Manufacturers' Note: Nuxated Iron, which is recommended above, is not a secret remedy but one which is well known to druggists everywhere. Unlike the older inorganic iron products it is easily absorbed and does not irritate the stomach. Each tablet of genuine Nuxated Iron is stamped as follows: "Nuxated Iron" and the words "Nuxated Iron" are stamped on each bottle, so that the public may not be misled into accepting inferior imitations. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed by all good druggists.

## And this Nation-wide Demonstration Sale of PATHE PHONOGRAPHS will conclusively prove this fact

You simply MUST hear the Pathe Phonographs we are selling in this Sale. Even if you own a talking machine, or if you never expect to own one, you must hear the Pathe to learn of what a gigantic step forward the Pathe has taken in the development of tone in the art of sound production.

The function of a phonograph is to reproduce tones. Pathe Phonographs do far more than reproduce tones—they absolutely and faithfully duplicate the identical rendition of the artist in singing or playing as no other phonograph or talking machine in the entire world even attempts to do. In orchestral and band selections the entire background is enjoyed—you recognize all the instruments—and so better appreciate the blending. There is no secret difference in the Pathe. The duplication instead of mere reproduction of the living voices of the artists is due to the Pathe Sapphire Ball, which fits and fills the record grooves, so always giving the full tone value without wearing out either the sapphire ball or the record as it is being played.

Interesting comparisons of the various methods of reproduction of sound and of the various records in use—emphasize the superiority of the Pathe Sapphire Ball for duplicating the actual rendition of the artists. The Scientific American rightly says "to have proper tone rendering, the stylus or needle must fit and fill the slot exactly; if too small, it will be thrown from side to side, giving false tones; if too big, it will give trouble by jamming, and causing excessive wear of the record." The Pathe Sapphire Ball never wears out and always fits and fills the groove in the record.

We have heard the Pathe tested by the manufacturers in comparison with other machines. We have made innumerable tests ourselves. We have used practically every well known make of records on all machines upon which we have made our tests, and it is our candid opinion that the Pathe in conjunction with Pathe records is superior in tone to any other phonograph we have heard, it matters not at what price it sells.

This is the reason why \$25 worth of genuine Pathe records are included, absolutely without charge, in this sale—to conclusively prove these facts.

You simply must hear one of these instruments before they are gone. You do not know what a source of real entertainment a talking machine can be until you have heard the Pathe.
